

I'm looking for a family to Call my own.

It means "beautiful" but I don't like to boast! I'm a 1½-year old beagle/lab who's playful and loves to please. I live in West Chester with my foster family. I like it there but their cats don't like me. Cats...go figure. What I want most of all is a family of my very own.

Let me tell you a little about myself. If you're searching for a quiet lap dog then keep searching because that's not me. But if you want a companion who's adventurous, energetic, enthusiastic and fun-loving then I'm your girl!

I'm a petite 42 pounds, spayed and up to date on all those yucky shots. Did I mention I'm also house-trained and crate-trained? Pretty impressive, huh?

Please consider making me part of your family. Please E-mail us at [Rescueadoption@aol.com](mailto:Rescueadoption@aol.com), if you'd like to know more about me. I promise I'll make a very loyal friend.
